The women of Bank of Feather River help guide the bank in promoting the Yuba-Sutter area and enhancing the local communities' economic position. Founded in 2007 and based in Yuba City, this community bank is celebrating its 10th anniversary backed by \$100 million in assets.

Bank of Feather River ensures that 100 percent of deposits raised in the Yuba-Sutter area are lent locally, primarily to businesses for expanding, hiring new people, and providing local services. The bank stands apart from other banks with a staff that is 75 percent women, and with women in leadership roles, including President/CEO, EVP/CFO/COO, and four of six Vice Presidents.

The bank launched its Women & Conversations Breakfast Series three years ago to give local professional women a forum for shared experiences. "This series enables us to explore valuable topics for discussion and invite expert women speakers who present information about topics affecting women," says Julie Morehead, President/CEO.

"Each gathering helps women and our community."

"With Beale Air Force Base in our backyard, assisting our military community is a priority for the bank," says Vice President/Business Development Officer, Mandy Jones. A former military spouse, Jones spearheads the "Happy Landings" program for military spouses arriving to the base. She shares her "favorite things" about the community to help spouses adapt to their new home. "Showing our appreciation to military families as well as promoting local businesses and events is a win for our community."

The bank is regularly recognized as a top performer amongst peers, including being named one of the 2016 Top 100 Banks under \$1 billion in assets in the U.S. by S&P Global Market Intelligence, and recognized as a "Super Premier" Performing Bank by Findley Reports.

"Precision, understanding, and commitment to enriching lives and shaping the Yuba-Sutter area's future is what we are all about," concludes Julie Morehead.

"Promoting local people and businesses makes our community stronger, a Bank of Feather River goal."
